STATE CLEARINGHOUSE

NEWSLETTER

December 16 through 31, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **December 16 through 31.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2002

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects
1999	602	481	2007	1808	2699	41	22	177	7,837	6,715

2001	703	524	2612	2851	6083	75	13	422	13,283	11,279
2002	648 (5%)	546 (4%)	2675 (20%)	3115 (24%)	5738 (43%)	66 (0.5%)	14 (0.1%)	409 (3%)	13,211 (100%)	---

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of December 16-31, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Tuesday, December 16, 2003</u>			
2003121099	Water System Improvements Health Services, Department of Wildomar--Riverside Construction of a New 0.5 MG reservoir, and Pressure reducing station and modifications to water booster station.	EA	01/14/2004
2001082025	Fremont Mews/CADA Site 13 Project Capitol Area Development Authority Sacramento--Sacramento The Proposed Project consists of 119 residential units, and a community garden.	EIR	01/29/2004
2003092099	Wastewater Treatment Plant Wet Weather Storage Facility Vallejo Sanitation and Flood Control District Vallejo--Solano The District is proposing to construct and operate a new storage facility approximately 8.6 million gallons in capacity in order to prevent unauthorized overflows and discharges by August 2006. The Proposed Project would consist of an approximately open storage basin located immediately south of the existing Ryder Street WWTP and referred to as the Ryder Street property. The new storage facility will be primarily operated in the winter and serve as a back-up facility to existing operations during heavy wet-weather events to prevent unauthorized discharges.	EIR	01/29/2004
2003124004	Future Use and Operations of Lake Berryessa Reclamation Board Napa--Napa The Bureau of Reclamation has prepared this Draft Environmental Impact Statement / Visitor Services Plan to identify and assess the various management alternatives for the re-development and management of visitor services (commercial and non-commercial) at Lake Berryessa, California.	EIS	02/04/2004
1996042009	Land Application and Site Assessment Project Modesto, City of Modesto--Stanislaus The proposed project involves the acquisition of up to 2,500 additional agricultural lands by the City of Modesto over the next 20 years to receive treated wastewater and cannery wastewater. The acquired agricultural lands would be operated for pasture and/or silage, which is similar to existing agricultural operations in the project vicinity. Anticipated subsequent projects would include the construction of pipelines and other infrastructure to transport the treated wastewater to the acquired application sites. Specific design work and engineering of needed facilities will subsequently occur and are anticipated for the program.	FIN	
2003121098	Tower of Wooden Palletts Apartments Los Angeles, City of Los Angeles, City of--Los Angeles Site Plan Review for a 98-unit (original 78 units + 25% density bonus with five units designated as "affordable disabled"), three-story apartment building with 185 subterranean parking stalls in the R3-1 Zone, on a 62,477 sq ft lot. The site contains Los Angeles Historic-Cultural Monument No. 184, "Tower of Wooden Palletts", a single-family structure, and sheds, all proposed to be demolished (but the monument will not be declassified). Proposed floor area: 90,825 sq ft.	NOP	01/14/2004

2003092045	Monitor Rock Quarry Use Permit and Reclamation Plan Trinity County Planning Department --Trinity Use permit for a quarry and reclamation plan to allow development of a 4.5 acre quarry on property zoned Rural Residential 10-acre minimum.	NOD	
2003101079	Goleta Slough Tidal Circulation Experiment Santa Barbara, City of Santa Barbara--Santa Barbara The Santa Barbara Airport is proposing to implement a short-term field experiment in the Goleta Slough to assess the feasibility of a long-term restoration program. The proposed field experiment would involve creating 2 small tidal basins by excavating portions of larger non-tidal basins, & installing culverts that connect to tidal channels. Each experimental basin would be located adjacent to a "control basin" (i.e. and existing non-tidal basin) to allow a comaprison of the hydrologic & ecological effects of tidal circulation with existing conditions. This experimental design would also allow a comparison of bird use in tidal & non-tidal areas to assess the effects on the bird strike conditions at the airport.	NOD	
2003102066	Darden Tentative Parcel Map - Negative Declaration #553 Plumas County --Plumas Tentative parcel map for a division of 8.35 acres into 4 parcels of 2.12 acres, 1.69 acres, 3.13 acres & 1.41 acres for single family residential & commercial use.	NOD	
2003102101	Lower American River - River Mile 1.8 Bank Protection Project Sacramento Area Flood Control Agency Sacramento--Sacramento Placement of 10,000 Tons of riprap along 750' of levee toe and revegetation to prevent erosionof the levee toe.	NOD	
2003102105	Roberti Ranch Permit to Mine & Reclamation Plan and Special Use Permit for Creation of a Wildlife Habitat Pond Plumas County Planning Department --Plumas This project involves the mining and reclamation of approximately 17.5 acres in Sierra Valley. The mining activity involves the excavation, storage and sale of material for the creation of a pond, which will be reclaimed as wildlife habitat. The maximum amout of material removed as part of the project is 626,000 cubic yards. No more than 60,000 cubic yards will be removed in any one year.	NOD	
2003111019	4S Ranch North Elementary School Poway Unified School District San Diego, Poway--San Diego Construction of an elementary school on a 13.4-acre parce. The school would house approximately 700 students. School facilities would total approximately 58,368 square feet and include adminstrative areas, classrooms, a multi-purpose room, library and kitchen facilities.	NOD	
2003111066	Property Acquisition of Approximately One-half Acres of Land by the City of Visalia for Future Neighborhood Park and Storm Water Basin Visalia, City of Visalia--Tulare The project is a property acquisition of approximately one-half acres of land by the City of Visalia for a future neighborhood park and storm water basin. An existing house on the site will be demolished.	NOD

2003121126	Allen Road Crossing at the Kern River Bakersfield, City of Bakersfield--Kern The project consists of construction of a new six-lane all-weather bridge over the Kern River from approximately 1,100-feet north of Ming Avenue to approximately 1,700-feet south of Stockdale Highway. The 1,700-foot link would connect the existing Allen Road at Stockdale Highway with improvements planned for Allen Road south of the Kern River at Ming Avenue. The Allen Road bridge right-of-way would cover approximately 4.3-acres.	NOP	01/19/2004
2003121128	Mineral King Dairy Establishment (Case No. PSP 03-030) Tulare County Resource Management Agency --Tulare 1) Approval of a special use permit to establish and operate a dairy facility in the AE-40 (Exclusive Agricultural - 40 acre minimum) Zone to accommodate a maximum of 5,652 total animal units (3,320 milk cows plus support stock) in a facility covering approximately 150 acres of the 1,781 acre subject site. The balance of the acreage would remain under cultivation and available for irrigation with reclaimed dairy wastewater and 2) approval by the California Regional Water Quality Control Board, Central Valley Region, of a Notice of Intent under a General Waste Discharge Order or a request for site specific Waste Discharge Requirements.	NOP	01/19/2004
2003122087	Crow Canyon Specific Plan San Ramon, City of San Ramon, Danville--Contra Costa The proposed project, the Crow Canyon Specific Plan, would result in incremental redevelopment that would result in the creation of a new pedestrian-oriented neighborhood with a mix of retail, office, residential, and commercial-service uses.	NOP	01/19/2004
2003122097	McHenry Library Addition and Renovation University of California, Santa Cruz --Santa Cruz The University of California Santa Cruz is proposing to construct an addition to the existing McHenry Library building in the central UCSC campus; the existing building would also be renovated as part of the project. The first phase of the project would include the following elements: (a) construction of an addition (with 81,600 assignable square feet and 116,550 gross square feet of space) to the south side of the McHenry Library building	NOP	01/19/2004
2000021102	Susnar Commercial Buildings 98-DP-038, 99-CP-047, 03-ND-28 Santa Barbara County Montecito--Santa Barbara The Susnar project is a request for approval of a Development Plan and Conditional Use Permit to authorize intensification of an existing neighborhood commercial center located in the upper village of Montecito. The project would include demolition of all but one of the existing buildings on site. The existing building to remain (Building A) measures one story in height and 520 square feet in size and is located in the southernmost interior corner of the site. Three new one and two story buildings (Buildings B, C, and D) would be constructed on site, for a total of 8,526 square feet of new development. Uses on site would comprise of a restaurant, offices, and retail. The proposed project would provide a total of 55 parking spaces. The project would include 2,700 cubic yards of cut, and 500 cubic yards of fill. Approximately 2,200 cubic yards of material would be exported from	Neg	01/19/2004

	the site. The Montecito Water District and Montecito Sanitary District would continue to provide water and sewer service.		
2000082146	Elkhorn Boat Launch Facility Sacramento County --Sacramento The proposed project consists of removal and replacement of an existing boat launch ramp, abutment, piles, and six-foot wide concrete walk and stairway at the Elkhorn Boat Launch Facility. The project includes revisions to the existing parking lot layout to provide for additional parking spaces and improved circulation within the facility.	Neg	01/19/2004
2002121111	Robert A. Skinner Filtration Plant Reliability and Quality Program Metropolitan Water District of Southern California Hemet--Riverside The Metropolitan Water District of Southern California (Metropolitan) has prepared a Mitigated Negative Declaration for the Robert A. Skinner Filtration Plant (Skinner Plant) Reliability and Quality Program Additional Construction Use Area and Creek Crossing (Project). Metropolitan proposes to construct an additional construction use area, temporary creek crossing, add fencing and change the work schedule associated with the approved 630-mgd Oxidation Retrofit Program (ORP) and filtration Module Number Seven (Module 7) at the Skinner Plant located in Winchester, an unincorporated area.	Neg	01/19/2004
2003062105	Kibbe Road Project (EA2003-003) Yuba County --Yuba Construction intersection improvements at the SR 20 / Kibbe Road intersection to connect to a recently constructed private haul road requiring a westerly realignment of the SR 20 / Kibbe Road intersection, a left-turn pocket for westbound SR 20 traffic, and the installation of 12-foot shoulders on both sides of SR 20 to the west of the proposed intersection.	Neg	01/19/2004
2003121121	Turri Road at Los Osos Creek Remediation Project San Luis Obispo County Arroyo Grande--San Luis Obispo On 9/5/02, County Department of Public Works road maintenance crews, in an effort to perform maintenance on a culvert inlet at Turri Road, placed fill materials below the ordinary high water mark and modified the channel of an unnamed tributary to the north branch of Los Osos Creek. The work involved filling a small area that had been subject to head cutting upstream from the culvert, undermining the adjacent cattle fence, and placing ungrouted rip-rap along the face of a steep cut-bank immediately down stream from the culvert. The culvert inlet area was also re-enforced with ungrouted rip-rap to prevent further head-cutting. The stream channel upstream from the culvert was graded for a distance of approximately 200 feet, resulting in cutting off a shallow meander.	Neg	01/19/2004
2003121122	Corbett Canyon Stream Restoration Project ED01-480 (P12B557) San Luis Obispo County Arroyo Grande--San Luis Obispo The County of San Luis Obispo is proposing to restore native riparian vegetation to an approximately 1900-foot reach of Corbett Creek, 900 feet of which was cleared of riparian vegetation by a State Department of Corrections work crew in the spring of 2002. With the aid of a qualified consultant, the County of San Luis Obispo has developed, and intends to fully implement the Corbett Canyon Road Stream	Neg	01/19/2004

	Restoration Plan. New tree plantings will occur on the creek bank opposite the road edge to enhance traffic safety and visibility.		
2003121123	Bayview Legacy Residences San Diego, City of San Diego--San Diego Site Development Permit (SDP), Conditional Use Permit (CUP), Planned Development Permit (PDP) and request for the release of Home Funds (HUD) in the amount of \$3,700,000 to construct 144 affordable apartment units, various recreational facilities and an onsite daycare center. The 144 apartments would consist of 36 two-bedroom, 72 three-bedroom and 36 four-bedroom units. The units would be constructed as six, three-story, 24-unit buildings above partially subterranean garages. A total of 299 surface and garage parking spaces would be provided onsite. The project includes the demolition of a 95-space mobile home park, which was constructed in the 1950s.	Neg	01/19/2004
2003121124	Jamacha Landfill Desiltation Basin San Diego County Department of Public Works --San Diego The purpose of the proposed project is to improve stormwater drainage flowing off the landfill's eastern boundary. Currently, stormwater sheet flows off the landfill resulting in significant sediment accumulation at the base of the landfill. The proposed project would direct stormwater flowing off the landfill through a rock-lined channel. A berm will be constructed along the channel to contain the stormwater runoff. Drainage will then flow through a constructed underground pipe and into the desiltation basin, approximately 650 feet by 80 feet and 10-12 feet deep. The basin will allow sediment to settle out of the water before emptying into the Sweetwater River.	Neg	01/19/2004
2003121127	RPD 2003-02/VTM 5425/ GPA 2003-02/ZC 2003-02, Shea Homes, Inc. Moorpark, City of Moorpark--Ventura A request to develop ninety-seven duplex style condominium dwellings and a recreational facility on 15.13 acres. The application consists of a Residential Planned Development (RPD), a vesting tentative tract map to subdivide five parcels into one lot for condominium purposes, a General Plan Amendment (from Residential Medium Density and General Commercial to Residential Very High Density and Floodway) and a Zone Change (from R-1 and CPD to Residential Planned Development [RPD] and Open Space [OS]). This project is proposed to be built together with, and as an extension of Tract 5133/RPD 98-01.	Neg	01/19/2004
2003121129	Apple Valley Road Improvement Project Phase I Apple Valley, City of Apple Valley--San Bernardino The proposed project includes the environmental review of the widening of an existing section of Apple Valley Road between Yucca Loma Road and Bear Valley Road, approximately 2 miles in length. Three traffic signal modifications are proposed at the Apple Valley Road intersections of Bear Valley Road, Sitting Bull Road and Yucca Loma Road. The environmental review is for the design and construction of the road expansion. The project is bounded by vacant commercial property to the north; existing commercial property to the south; single-family residential uses to the west; vacant residential and commercial properties to the east. 2003122086	Lakeside 6 Residential Development Project Lincoln, City of Lincoln--Placer The Project includes development of 706 residential units on approximately 105 acres, which will include open space buffer areas and applicable infrastructure. The Project would require a General Plan amendment to convert the current land use designations on the site from Limited Light Industrial (LLI) and Park (P) to Residential (RD-5 and RD-20) and a rezone to RD-5 and RD-20.	Neg	01/19/2004
2003122090	Aquatic Pesticide Application Program for the Oakdale Irrigation District Oakdale Irrigation District Riverbank, Oakdale--San Joaquin, Stanislaus The Proposed project is the continuation of an aquatic pesticide application program by Oakdale Irrigation District since 1985. The program was previously regulated in 2002 and 2003 under the State Water Resources Control Board (SWRCB) Statewide General National Pollutant Discharge Elimination System (NPDES) Permit for Discharges of Aquatic Pesticides (Water Quality Order No. 2001-12-DWQ, General Permit No. CAG990003). The proposed program would occur under a new General Permit in 2004 and is expected to be equivalent to the current program. The proposed program would be implemented for a period of approximately 5 years, or for the term of the new General Permit.	Neg	01/19/2004
2003122091	El Corte de Madera Creek Open Space Preserve Watershed Protection Program Midpeninsula Regional Open Space District Woodside--San Mateo The project is designed to protect water quality and improve habitat for Steelhead trout by repairing the roads, trails, and associated drainage structures (utilizing Best Management Practices) within El Corte de Madera Creek Open Space Preserve to reduce erosion and sedimentation.	Neg	01/19/2004
2003122092	2002.0659E: 850 La Playa Street San Francisco Planning Department San Francisco--San Francisco The proposed project consists of the expansion and remodeling of an existing one-story, 24-foot-high, 37,422-gross square foot (gsf) Safeway Store (constructed in 1971), by adding approximately 17,145 gsf for a total of 54,567 gsf. Both the interior and exterior of the existing store would be remodeled; the building would be brought up to current codes and standards; the landscaping, lighting and parking lot would be upgraded; and the loading and service areas would be screened from adjacent neighbors.	Neg	01/19/2004
2003122093	San Ramon Valley High School Renovation San Ramon Valley Unified School District Danville--Contra Costa The project involves the renovation and expansion of the existing campus. No increase in student enrollment is associated with the project. After completion of the renovations, the campus would have approximately 85 classrooms and approximately 198,314 square feet. This is approximately 48,255 more square feet than the current area.	Neg	01/19/2004

2002121143	Runkle Ranch Specific Plan Project (GPA-58/Z-S-570/SP-S-24/PD-S-930) Simi Valley, City of Simi Valley--Ventura The proposed Runkle Canyon Specific Plan would integrate a variety of land uses including a mix of residential types, natural open space, a neighborhood park, a multi-use trail system, and an area for the potential future development of a public golf course. Residential development is proposed on approximately 140 acres in the northern portion of the Specific Plan Area. A total of 461 residences are proposed, including 138 senior housing units, 62 of which would be affordable, 298 single-family homes, and 25 single-family estate homes. Approximately 1,456 acres would remain in open space and recreational uses, including a 9-acre neighborhood park, 1,151 acres of natural open space, approximately 18 acres for a water storage tank, and an emergency helispot, and approximately 218 acres designated for the potential future development of a public golf course. Recreational opportunities would be provided throughout the open space areas via public paths, sidewalks, and trails. The trails proposed within the Specific Plan Area would complement the development of a coordinated multi-use trail network for equestrian, hiking and bicycling uses throughout the city.	EIR	02/05/2004
2003101131	High School No. 4 Temecula Valley Unified School District --Riverside Acquisition of approximately 102 acres for development and operation of a 3000-student comprehensive high school.	EIR	02/05/2004
2003101101	Leaky Pipe Replacement Project 2003 Eastern Municipal Water District Moreno Valley--Riverside Replacement of 4 sections of various diameter substandard pipeline totaling approximately 18,225 feet within the right of way of paved roads (see attached Notice of Intent).	FIN	
2003121141	Porterville Developmental Center Forensic Expansion and Recreational Complex Project Developmental Services, Department of Porterville--Tulare The proposed expansion of the Forensics Program will provide the Porterville Developmental Facility with a new 96-bed forensic residential unit for the Secure Treatment Program. The recreation complex will provide a large multi-purpose space to serve as an auditorium and gymnasium and a swimming pool complex. The site improvements will include perimeter security fencing, guard towers, protective services building, parking area, paved roads for access and perimeter security, and infrastructure for possible residential units. 2003121154	Former Whittier Manufactured Gas Plant Site Remediation Project Toxic Substances Control, Department of Whittier--Los Angeles The remediation project proposes excavation and transport of contaminated soil to an offsite facility for treatment and disposal. The proposed removal of contaminated soil will be conducted in accordance with the methods, and procedures presented in the document entitled "Removal Action Workplan (RAW)." Approximately 6,000 tons of contaminated soil which is found in the top one to sixteen feet at twelve individual potentially contaminated areas across the site will be excavated and transported to a state approved treatment facility in Adelanto. Following successful completion of the removal action, excavated areas will be backfilled with clean soil.	Neg	01/26/2004
2003121155	Bear Valley Community Services District Land Acquisition Project Bear Valley Springs Community Services District Tehachapi--Kern The Bear Valley Community Services District (BVCS D) proposes to acquire by purchase or eminent domain two areas of agricultural land use then lease the land for continued agricultural uses. Deep well extraction of groundwater for agricultural irrigation, one of the current practices on these lands, would cease or be restricted and instead the lands would be irrigated with SWP water supplies through existing facilities. One of the existing wells may continue to be used to supply domestic water for residential uses within the BVCS D. The lands proposed for acquisition are proposed to remain in the current "exclusive agriculture" zoning, but may be annexed to the BVCS D in the foreseeable future. Total 336+/- acres.	Neg	01/26/2004
2003121156	Vasquez Lot Line Adjustment, S020375L/COAL03-0166 San Luis Obispo County --San Luis Obispo A request to adjust the lot lines between three parcels of .086 acres each. The adjusted parcels will be two parcels of approximately .14 and .12 acres each.	Neg	01/26/2004
2003122129	Placer County Water Agency Aquatic Weed Control Program Placer County Water Agency Auburn, Loomis--Placer Management plan, PCWA conducts the Aquatic Weed Control Program. This program involves the application of herbicides into their canals in order to remove unwanted vegetation, which can impede water flow if left unchecked. PCWA has found that the use of herbicides is the most cost effective and safe method of controlling weeds and algae.	Neg	01/26/2004
2003122130	East Stockton Storm Drainage Improvements San Joaquin County Stockton--San Joaquin The proposed project consists of underground storm drainage improvements in the Gianone Park and Garden Acres of east Stockton as identified in the San Joaquin County 1993 East Stockton Master storm Drain Plan. The purpose of the project is to eliminate flooding problems, which creates public health and safety concerns. The proposed project involves the installation of storm drainpipes totaling approximately 10,624 feet, ranging in size from 15 to 42 inches in diameter. In addition, the Waterloo Pump Station, designed for four pumps and currently operating with one, would require the installation of an additional pump and associated discharge piping.	Neg	01/26/2004

	cultivated agriculture, and that cultivation and irrigation will not cause significant environmental impacts.		
2003081007	<p>2003 Draft Harbor Master Plan Port San Luis, City of --San Luis Obispo</p> <p>The 2003 Final Draft Port of San Luis Harbor District Port Master Plan (incorporated herin by reference and available for review at the Port San Luis Harbor District web site found at www.portsanluis.com) fulfills the requirement of the California Coastal Act and the State Tidelands Grant (Chapters 647 of Statutes of 1955 and as amended by Chapter 302 of Statutes of 1957) which require the preparation of a plan for the use and managment of Port facilities and resources. The last Port MasterPlan was prepared in 1984 and subsequently updated in 1994 to address a variety of issues, including the development of the Harbor Terrace site. The 2003 update responds to changing opportunities for the use and development of the Port's properties to meet the present and future needs of the boating and coastal visiting public. The final Draft Port Master Plan, dated June 10, 2003 provides an overview of the Port and its facilities, the challenge faced by the Port in serving the needs of the boating public, commercial fishing industry, persons wishing to access the coast and establishes policies and implementation programs to meet these challenges. Among the planning challenges indentified in the Final Draft Port Master Plan are: Fiscal considerations in meeting the Port's ongoing obligations to the public, meeting the needs of both coastal related and coastal dependent uses of Port land, waterways and facilities, environmental protection, coastal access, public services and safety.</p>	EIR	02/12/2004
